Height adjustable desking

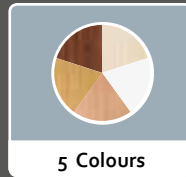

Health benefits

Height Adjustable

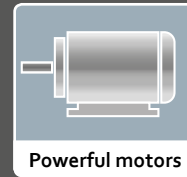

4 Desk Sizes

5 Colours

130kg capacity

Powerful motors

## Reasons to opt for a **sit-stand** solution

Health benefits to the user and it's this active working style that encourages increased staff productivity and reduced absenteeism. Major international research has produced evidence that sitting for more than 4 hours a day leads to:

- Disrupted blood sugar levels
- Increased insulin
- Increased blood pressure levels
- Enzymes responsible for burning harmful blood fats shutting down
- Leg muscles switch off

The result leads to an increased risk of heart disease, diabetes, cancer, weight gain and back ache. Having the ability to sit, stand, sit, stand during the working day dramatically improves your health and wellbeing.\*
